

# DREAM Bus Trips!

Using your DREAM Bus is cheap and easy! Just follow these three steps:

1. See how much it costs. Look at the charts on the following pages to see how much a trip costs you in gas (don't forget to double the figure if you plan on returning!), and then figure in the following:
  - All Local Trips (L), regardless of actual distance traveled, cost \$25 RT.
  - All Camp Trips (C), regardless of distance, cost \$50 RT.
  - All other trips check the spreadsheet. Don't see the trip there? Email the office and get a price.
2. Make sure the travel time makes sense for your trip. The following chart has rough estimates of travel times, using a speed of around 50 mph for the highway and 30 mph for smaller roads. Don't forget to make some rocking mixes for long trips.
3. Email the office *early* to reserve the Bus! Its schedule fills up near the ends of terms/semesters!

Dream Big,  
Your Happy-Go-Lucky Bus Driver
