

DREAM

Guided Mentoring

Guided Mentoring is a two-tiered approach to peer-to-peer mentoring.

DREAM staff, along with young adult Guides will lead you through a mentor-in-training curriculum to kick off your two year mentoring relationship. You will gain the tools, resources, and confidence to provide mentorship to elementary school-aged youth while being mentored by your Guides. Along with your mentees, you'll explore how your identities intersect with your community and be empowered to create social change - and you'll have a blast doing it!

“DREAM picked me up and taught me the most important lesson of my life: it is perfectly okay to be yourself.”

Why two-tiered, guided mentoring?

Throughout our lives, we are mentors, those who provide guidance to others, and mentees, those who learn from and lean on others. Often we are in both roles. It is important to learn when and why to shift between these two roles, and to explore how you can be and bring your authentic self into your endeavors. Spending meaningful time with peers optimizes the experience.

“DREAM isn't a program; it's an action.”
